### 4: Activate Roadmap viewer

The Activate Roadmap Viewer in SAP is a tool designed to assist organizations in navigating through the various phases and activities involved in implementing SAP solutions.

<https://go.support.sap.com/roadmapviewer/#/group/658F507A-D6F5-4B78-9EE1-0300C5F1E40F/roadmap/82b2db84548d41209cda972f0fac428b:FA163ED752201EDABFE83D133CFCBD51/node/FA163ED752201EDABFE83D9BF206DD51>

### 5: S4 Public Cloud Community

The S/4 Public Cloud Community in SAP is an online platform designed to foster collaboration, knowledge sharing, and networking among users, experts, partners, and stakeholders of SAP S/4HANA Cloud solutions.

i: [https://sapvideoa35699dc5.hana.ondemand.com/?entry\\_id=1\\_zev0uy7w](https://sapvideoa35699dc5.hana.ondemand.com/?entry_id=1_zev0uy7w)

ii: <https://s4hanacloud.community.sap/home>

### 6: Automation Testing Built into Public Cloud

The "Automation Testing Built into Public Cloud" in SAP Public Cloud refers to the integration of automated testing capabilities directly into the SAP Public Cloud platform. This feature allows users to automate the testing of their cloud-based applications and solutions, ensuring reliability, efficiency, and quality in their software development processes.

<https://community.sap.com/topics/s4hana-cloud/automation-testing>

## 7: S4 Public Cloud Scope Summary

The "S/4 Public Cloud Scope Summary" in SAP Public Cloud refers to a document or resource that provides an overview of the scope of functionality and features available in SAP S/4HANA Public Cloud solutions.

<https://www.youtube.com/playlist?list=PLWV533hWWvDnnyN2j-CcUheNN-GaNCb3H>

## 8: S4 Public Cloud Industry One Pagers

They are concise documents or resources that provide an overview of how SAP S/4HANA Public Cloud solutions cater to specific industries or verticals.

<https://collections.accenture.com/collection.aspx?b=88357209-ed6c-e911-817f-0a360102099e&tag=Industry%20View>

## 9: Digital Discovery Assessment (DDA)

The Digital Discovery Assessment (DDA) in SAP Public Cloud refers to a service offered by SAP to help organizations assess their readiness for digital transformation and adoption of cloud-based solutions, such as SAP S/4HANA Public Cloud.

The DDA typically involves a structured assessment process conducted by SAP experts, where they evaluate various aspects of an organization's current IT landscape, business processes, and strategic objectives. The assessment aims to identify opportunities for leveraging cloud technologies and SAP solutions to drive innovation, improve efficiency, and achieve business goals.

**Purchasing a mobile phone can be an exciting process. Here are some steps to guide through the process:**

**Needs of Mobile:** Consider what you'll primarily use the phone for. Are you looking for a device with a great camera, long battery life, or gaming capabilities? Knowing your priorities will help narrow down your options<sup>1</sup>.

**Budget :** There is limitation for budget and only **\$250** will be maximum limit to reimburse at your level. Mobile value should not more than **\$250**.

**Research Brands and Models:** Explore different brands and models. Popular ones include Apple, Samsung, OnePlus, and Vivo. Each brand offers unique features and specifications. You can find detailed information online or visit local stores<sup>23</sup>.

**Check Specifications:**

**Design:** Consider the phone's design, build quality, and aesthetics.

**Display:** Look for features like screen size, resolution, and refresh rate.

**Hardware:** Check the processor, RAM, and storage capacity.

**Battery:** Evaluate battery life and charging speed.

**Sensors:** Some phones have additional sensors like fingerprint scanners, face recognition, or heart rate monitors.

**Operating System (OS):** Decide between Android or iOS.

**Connectivity:** Ensure it supports the necessary networks (4G/5G) and has Wi-Fi and Bluetooth capabilities.

**Camera:** If photography matters to you, compare camera specifications<sup>14</sup>.

**Choose a Retailer:**

**Online:** Websites like Amazon, eBay, Alibaba offer a wide range of mobile phones with convenient delivery options<sup>23</sup>.

**Physical Stores:** Visit local stores to see and feel the phones in person.

**Read Reviews and Ratings:** Check user reviews and ratings online. They provide insights into real-world experiences with specific models.

**Compare Prices and Deals:** Look for discounts, exchange offers, and EMI options. Sometimes, buying during festive sales or special promotions can save you money.

**Warranty and After-Sales Service:** Ensure the phone comes with a warranty and reliable after-sales service. Some brands offer extended warranties for an additional cost.

**Make the Purchase:** Once you've made your decision, proceed with the purchase. You can buy online or visit a store, depending on your preference.

Remember that buying a mobile phone is a personal choice, so take your time to find the one that suits your needs and preferences. Happy shopping

**Reimbursement or Claim :** You can provide me actual amount of mobile or limit of amount as per your level, whichever is lesser and amount will be credited in your account in next reimbursement cycle .
